Deputy Chief Public Health Officer, Prince Edward Island

THE POSITION:
The Department of Health and Wellness is seeking a permanent full-time Deputy Chief Public Health Officer for the province of Prince Edward Island. The Deputy Chief Public Health Officer is accountable to providing public health system leadership and expertise related to promotion and protection of health and prevention of disease and injury. The Deputy Chief Public Health Officer will report to the Chief Public Health Officer.

HOURS OF WORK:
37.5 hours per week

REMUNERATION:
As per the Master Agreement between the Government of Prince Edward Island and the Medical Society of Prince Edward Island, an additional on-call stipend is provided.

ON CALL REQUIREMENT
The Physician shall be required to participate in an on-call roster.

LICENSURE REQUIREMENTS:
The physician must possess FRCPC in Public Health and Preventive Medicine and/or Equivalent.
The physician must be eligible for licensure to practice medicine with the College of Physician and Surgeons of PEI.

ABOUT THE PROVINCE:
Prince Edward Island is the place where the best of all worlds is within easy reach. It’s a place of beauty with over 90 beaches and over 30 golf courses and alive with an active arts and culture community. Live in an environment that offers affordable housing, little traffic, low crime rates and a short drive to work. Prince Edward Island offers a lifestyle with a healthy balance between work, family and fun that’s all within your reach.
